## Guidelines for senior students returning to Plasmawr

As a senior student at the school you will of course be afforded greater freedom and privileges and will also be expected to assume certain responsibilities. It is therefore appropriate that such responsibilities be outlined briefly.

- **The promotion of Plasmawr's Welsh Ethos**

As young adults who have chosen to continue your studies through the medium of Welsh you will of course be anxious to ensure that use of the Welsh language flourishes in all aspects of school life. You yourselves will be the subject of younger pupils' admiration and will be respected because of your senior position. Regular contact with younger pupils in informal situations has an important part to play in the promotion of the meaningful use of Welsh at school. With this general principle in mind it is highly desirable that members of Year 12/13 take advantage of every opportunity to develop contact with younger pupils, engaging them in conversation and offering general support and encouragement.

- **Entry Requirements**

Entry into Year 12 is open to all students who have completed their Year 11 courses. Whatever your ability or achievement, you are welcome to follow courses in the sixth form that are suitable and offer a coherent balance regarding your future career path. **To follow Level 3 courses it is expected that students have received 5 A\*-C GCSE or Level 2 equivalent including the Welsh Bacallaureate Skills Challenge Certificate at National Level. Every student must follow three level 3 courses to be a Sixth Form at Plasmawr.** Some subjects would advise students that a GCSE B grade is needed to be confident of making the transition to an AS course. Each case will be decided on an individual basis. The Welsh Bacallaureate Advanced Level is compulsory for every student that follows Level 3 courses. As there are considerable responsibilities which are enjoined on sixth form students, the school retains the right to decline entry to those students who have displayed a negative or aggressive attitude towards the fundamental values or staff at the school. In those exceptionally rare circumstances, an appeal can be made in writing to the Headteacher or Chair of Governors at the school. It is expected that prospective students present a formal application with their option choices (see sheets in the file).

- **Year 12 /13 Which courses?**

You may choose to follow AS courses in Year 12 which follow on to full Advanced Level (A2) in Year 13. Other options are also available. You may choose to follow BTEC courses, or re-sits or AS courses only, or a combination of the three. It is expected that every student studies the Skills Challenge Certificate with their level 3 courses.

- **Choosing the right option**

It is your choice which courses are most suitable to your requirements. Heads of departments, personal tutors and the progress team can advise you on which courses are most suitable. Your choices are not definite until you receive your GCSE results at the end of August. The school will be open on that morning and on the following Friday morning, for you to come and discuss which courses are available with senior teachers. In addition, an induction course in September for all members of Year 12 will provide support and advice to each student to choose a valid combination of suitable subjects to ensure a coherent balanced study.

- **Study / Leisure time / Daily Responsibilities**

As responsible students you will be expected to maintain an appropriate balance between formal lessons, personal study sessions and periods set aside for socialising and leisure. We will encourage you to organise your time sensibly, so that you can take advantage of the excellent study resources in school as well as enjoying leisure time with your peers. At specific times during the day you will be entrusted with particular duties, these may include morning / assembly periods and during break. It will be necessary for you to ensure the safety of younger pupils and you will gain their respect by responding firmly but fairly to situations as they arise. You may also supervise behaviour on the buses and report any incidents that cause concern to senior teachers at school.

- **Partneriaeth Chweched Dosbarth**

The partnership between Plasmawr and Ysgolion Glantaf and Bro Edern is intended to offer a wider curriculum choice through the medium of Welsh. Transport is arranged for partnership courses **only** and this occurs during registration, break and lunch periods. See the columns for more information regarding the courses that are offered during this academic year. The availability of these subjects is dependent on a minimum and maximum number of students according to the requirements of the teaching school.

- **Attendance / Punctuality**

Regular attendance and punctuality are required of all students in Plasmawr. As a common courtesy, letters explaining unauthorised absence should be submitted. It must be stressed that prior notification when attending specific courses should also be given to your personal tutor.

- **Student contribution to various aspects of school life**

In addition to the active promotion of the school's Welsh ethos and identity, senior students have a significant contribution to make during such events as parent evenings, concerts, courses and school fairs. It is hoped that members of years 12 /13 will wish to support links with the local community, through work with young children, the aged and the disabled. Students will of course continue to enjoy all positive aspects of the school's extra-curricular programme.

## Life in the Sixth Form

- **Sixth Form Council**

Every registration class elects two students to represent them on the Sixth Form Council. Also meetings are open, held weekly and every member is welcome to attend. We discuss any matter directly involved with sixth form life but mostly end up discussing organising social, charity or fundraising events. The Council elects officers to lead meetings, Chair, Vice Chairs, Treasurers and Secretaries.

- **Prefects**

Year 13 students can make an application to be Higher Prefects in the school that come with expected duties. The Head Boy and Head Girl are voted for from the prefects.

- **Sixth Form Charity**

Each year the council agrees on a charity to promote during the year. We have supported several projects over the years including The Noah's Ark Appeal; Llamau; The British Heart Foundation; Dolen Cymru; HIV charity; Mind Cymru; Bopath; Maggies and Ty Hafan. It has been pleasing this year to see many of the sixth form raise money for the Manon Jones Foundation. As part of a busy sixth form charity calendar, the Curry, Chinese and quiz nights have been very popular.

- **Charity Fundraising**

The sixth form also supports the individual house charities, and as such sixth form students have taken a lead role in promoting the Fun Run and Inter-house events. Through various projects and schemes we are again on target to raise a significant sum of money towards these specific charities.

- **Activities for Years 7 & 8**

Since its inception the sixth form have organised parties for years 7 & 8, including Halloween, Christmas and St Dwynwen Disco. These have been very successful and have been important fundraisers for the sixth form charity. One of successes of the sixth form in the last two years has been P67 which is a monthly club for Year 7 organised by Year 12 and 13.

- **Eisteddfod, Sports Day and Interhouse events.**

Every house will elect a house captain and the 6<sup>th</sup> form are instrumental in leading and promoting all kinds of inter house events. The 6<sup>th</sup> form competitions during the Eisteddfod are a true highlight and the elder students' leadership is invaluable to the school ethos. The House Captains had an integral role this year in the launch of the three new houses-Taf, Rhymni and Elai.

- **Sith Form Area -Study Rooms**

Years 12 and 13 were have a new 6<sup>th</sup> form block to relax and two large work rooms to complete their studies. A copy of each university prospectus is kept here as well as reference and careers manuals. Over twenty computer workstations and the same number of laptops are for sixth form use; this room will be well respected as a serious place to complete assignments. Many sixth form students bring their own equipment to school and use the Wi-Fi system to complete their work.

- **Sixth Form Sports**

The Rugby, Netball, Football and Hockey first teams have already been successfully established. We also have a fitness suite at the school in which the 6<sup>th</sup> form can use during non-contact periods after an induction from the PE department. Many students also use the Fairwater Leisure Centre to swim and play badminton or squash.
