Welsh Government

Higher / Degree Apprenticeships

- Over the past three years, 56,200 people have started a higher or degree apprenticeship.
- The government has pledged to create 3 million apprenticeships across all levels by 2020.
- These require good A level grades and are very competitive.

Prentisiaethau Apprenticeships

Gyrfa Cymru Careers Wales

What is an Apprenticeship?

An apprenticeship is a job that includes gaining recognised qualifications and job specific skills whilst working and earning a wage – *'earning while learning'*

There are a number of different levels:

- ***Foundation Apprenticeship – level 2***
- ***Advanced Apprenticeship –level 3***
- ***Higher Apprenticeship – level 4+ (HNC/HND)***
- ***Advanced Higher Apprenticeship – level 6 (foundation degree)***
- ***Degree Level Apprenticeship – level 6+/Masters***

What Qualifications Do You Need?

- **Foundation apprenticeships –** qualifications not always specified but GCSEs at D/E grades often required
- **Advanced apprenticeships –** GCSEs at A*- C grades (usually to include English language, Maths and sometimes science)
- **Higher level apprenticeships –** A Levels or equivalent qualifications
- **Degree level apprenticeships (up to Masters level) –** A Levels or equivalent qualifications

Higher Apprenticeships

Having completed your A 'Levels or a Level 3 Advanced Apprenticeship, our Higher Technical Apprenticeships might be the right option for you. Our Higher Apprentice schemes are designed to offer you a structured work based training programme, whilst continuing your studies to obtain higher qualification such as a Level 4 Diploma, an HNC. You may be given the opportunity to continue your studies to obtain Foundation Degree or even an Honours Degree.

During the scheme you will attend college or University on a day or block release basis. You will work in one of our offices, or on site, under the guidance of a more senior colleague where you will demonstrate the skills learned at college and improve them in real work situations.

Successful candidates at the end of the scheme can expect to work as a:

- Civil Engineer
- Construction Manager
- Designer
- Electrical Engineer
- Facilities Manager
- Mechanical Engineer
- Power Engineer
- Quantity Surveyor
- Railway Engineer

Qualifications gained

- NVQ Level 4 to 6 (depending on scheme)
- HNC/HND/Level 6 Diploma

Legal and Professional Apprenticeships

Eversheds knows how to develop talent. Whether you're looking for a career as a lawyer, or within professional services functions like finance, IT or marketing, our apprenticeship programme is designed to help you develop skills for life in the workplace.

Trailblazer level seven solicitor apprenticeships represent a revolution in legal training, giving you the chance to become a qualified solicitor without incurring the costs associated with going into full-time education and law school.

Our non-legal apprenticeships are also highly regarded, providing a unique opportunity to prepare for a career in professional service within a global law firm.

Both programmes allow you to combine further study with learning on the job alongside some of the leading figures in the legal sector. In addition, you will receive an excellent salary and have access to a wide range of employee benefits.

For more information simply click on the apprenticeship you're interested in applying for:

- Trailblazer level seven solicitor apprenticeships
- Non-legal apprenticeships

CAREERS

Local Apprenticeships

This scheme is not currently recruiting. Our full portfolio of apprenticeship schemes for 2016 start will be published in National Apprenticeship Week in March. Go to bbc.co.uk/getin and follow @BBCGetin for latest news.

The BBC is running its biggest ever apprenticeship scheme, with apprentices in 45 radio stations across the UK and Channel Islands.

The scheme forms part of Director-General Tony Hall's pledge to open up the BBC to people from a wide range of backgrounds.

Our apprentices started in September 2014 and are working as Apprentice Broadcast Assistants (England, Channel Islands) and Apprentice Content Assistants (Wales, Scotland and N Ireland).

The BBC Local Apprentices are working for 15 months towards a NCTJ accredited Level 3 in Journalism.

Training is provided by the BBC Academy and City of Wolverhampton College in BBC Birmingham.

Keep up-to-date with the latest from the scheme, including posts from top BBC Radio talent, on the BBC Academy site, via BBC Radio iPlayer or on Twitter using #BBCLAS.

Do you want to be an apprentice or trainee at the BBC?

Applications for the BBC Local Apprenticeship scheme have closed and we will not be recruiting for this scheme in 2015.

Social Media

Across all types of Apprenticeship, there were 1,656,680 online applications made in 2015 to 2016.*

* Statistics from GOV.UK

In England, the number of degree apprentices has grown rapidly since they were first introduced in 2015.

By the end of 2017 there will be over 7,600 degree apprentices in England, with growth being driven by business demand in three particular areas – the **Chartered Manager**, **Digital and Technology Solutions**, and **Engineering-related apprenticeships**.

The role of graduates and universities in driving growth is well-evidenced. With Wales' productivity per head continuing to be the lowest of the four UK nations and the challenges posed by the UK's exit from the European Union, new approaches, such as degree apprenticeships, are essential to Wales' future success.

Network75

Gain a degree, 5 years work experience and no student debt

www.southwales.ac.uk/network75

No student debt

All Network75 students have their tuition fees paid in full. Students on Network75 can therefore choose to graduate without any student debt.

Network75 is a combined work and study route to a degree. Undergraduates apply their academic knowledge to real-life work within a host company.

During term-time, students work in a local business 3 days per week and attend university 2 days per week. During holiday periods students work 5 days per week at their host company. All students also get a holiday allowance and study leave for revision.

Earn while you learn

Network75 students receive a minimum tax-free bursary of £5,000 per academic year, which increases by £500 each academic year. Approximately 80% of current Network75 students receive additional payments from their host companies.

- BSc (Hons) Pharmaceutical Science

Surveying

- BSc (Hons) Project Management (Surveying)
- BSc (Hons) Quantity Surveying and Commercial Management

Where to find out about sponsored degrees

Excited about the opportunities out there? Here's how to find out more

Information about the various forms of sponsored degree is not all listed in one place, so you will need to do your own research. The following websites are useful - but they don't list every opportunity and in some cases the information isn't fully up-to-date, which can be frustrating. The best approach is to look at websites of the employers and universities listed below to find up-to-date information.

- **www.thescholarshiphub.org.uk**
- **www.notgoingtouni.co.uk**
- **www.studentladder.co.uk**

*Please note, these are examples, this list is not exhaustive

What degree subjects are available?

- Accounting and Finance
- Business
- Chemical Engineering
- Chemistry
- Civil Engineering
- Computer Science and Software Engineering
- Construction, Economics
- Electronic, Electrical and Systems Engineering
- Maths
- Mechanical Engineering
- Medicine (Armed Forces only)
- Manufacturing and Production Engineering
- Materials Engineering
- Natural Sciences
- Physics
- River and Coastal Engineering
- Technology
- Television Production and Broadcast Journalism

Organisations/Professional Associations linked to sponsored degrees

- ICAEW
- Institute of Chartered Accountants of Scotland (ICAS)
- Institution of Civil Engineers (ICE), Institution of Engineering and Technology (IET)
- Royal Television Society
- Ship Safe Training Group
- UK Electronics Skills Foundation (UKSEF)

Employers offering sponsored degrees

- Armed Forces (Army, Navy, RAF)
- Atkins Power
- BAE Systems
- Chemistry
- Barclays
- Barratt
- Bosch
- BP
- BT
- CGI
- Civica
- Costain
- Defra

						£3.30ph for 1st	

Pam Prentisiaeth?

- Gyda Phrentisiaeth, gallwch chi hyfforddi mewn maes lle'r hoffech chi weithio. Fyddwch chi ddim yn cael eich gwrthod am eich bod yn ddibrofiad; yn hytrach, gallwch ddatblygu eich gyrfa o'r diwrnod cyntaf.
- **Ennill cymwysterau**. Yn ogystal â phrofiad, byddwch chi'n ennill cymwysterau cydnabyddedig sy'n cyfateb yn union i anghenion eich cyflogwr. Bydd y cymwysterau'n fanteisiol i'ch gyrfa yn yr hirdymor a'r byr dymor.
- **Ennill cyflog**. Mae prentisiaid yn cael lleiafswm cyflog cenedlaethol. Felly, yn ogystal ag ennill sgiliau, profiad a chymwysterau, byddwch chi'n ennill cyflog da hefyd.
- **Dod yn annibynnol**. Trwy ennill arian, a dechrau ym myd gwaith, gallwch ddod yn fwy annibynnol a hunangynhaliol.

Pam Prentisiaeth?

- Gallwch ddod yn weithiwr rheolaidd, gan dderbyn gwyliau cyflogedig ac weithiau seibiant i astudio. Byddwch chi'n weithiwr i'r busnes yn ystod eich Prentisiaeth a chewch eich trin fel gweithiwr cyflogedig. Gallwch fwynhau manteision nad ydynt ar gael trwy gynlluniau profiad gwaith.
- Gweithio gyda chydweithwyr profiadol. Bydd eich cydweithwyr yn brofiadol a llwyddiannus yn eu maes a gallwch ddysgu ganddyn nhw yn ogystal â'r hyfforddiant y byddwch yn ei dderbyn.

Higher and Degree Apprenticeships

Higher Apprenticeships are a great alternative to university

Many now offer qualifications up to degree level

You will also receive training (on- and off-the-job), a salary and the opportunity to really start moving your career forward

All without paying hefty tuition fees or running up student debts

ABOUT

APPRENTICESHIPS

- What is an apprenticeship?
- Choosing an apprenticeship
- Choosing by school subject
- Industry sectors

Higher and Degree Apprenticeships are a great alternative to university, offering qualifications up to degree level, no tuition fees and the opportunity to earn while you learn.

Higher and degree apprentices typically split their time between college or university and the workplace. As with other apprenticeships they are employed throughout and the cost of the fees are shared between government and their employer.
